Institute of Geographical Information Systems

School of Civil & Environmental Engineering

National University of Sciences and Technology, Islamabad, Pakistan

Research Work Experience: Mr. Ahtsham Mustafa Awan

This letter is to certify that Mr Ahtsham Mustafa Awan (Reg No. 00000361716) was employed as a Research Associate at the Institute of Geographical Information Systems, National University of Sciences and Technology Islamabad, Pakistan, between Jul 2023 to Dec 2023, under the following projects.

1. Simulating Coastal Inundation Vulnerability and Impact Assessment for Indus River Delta
2. An Evaluation of the Current State of the Art in Drone Imaging for Floods and Expert Knowledge in a Growing Market Using Spatial Data and Tools
3. Delimitation of Electoral Boundaries during inter census period: A hybrid approach integrating remote sensing and census data.
4. Integrating Multi Datasets in Google Earth Engine for Advanced Hydrological Modelling Using the Soil Conservation Service Curve Number Method.

He worked in Spatial Data Analysis, Scientific report writing and presenting the research outcomes.

We wish him the best for his future endeavours.

Dr. Javed Iqbal

Dated: 1st August, 2024

TO WHOM IT MAY CONCERN

This is to certify that **Mr Ahtsham Mustafa Awan** has worked with Army Land Management Cell as **GIS Officer** from Jan 2024 till May 2024. During his tenure he has been actively involved in several tasks, including Data preparation, Digitization, Report writing, Data management and storage of geospatial data into the land information database. His collaboration with cross-functional teams was pivotal in achieving seamless integration of data across various departments.

Additionally, he was responsible for data handling and backups, creating and maintaining the structures necessary for GIS data storage and visualization. He actively participated in discussions, shared his insights, and contributed to overall success of the team.

His contributions were appreciated by our organization, and we extend our wishes for his future success.

Ahtsham Mustafa Awan

has successfully completed the online, non-credit Specialization

GIS, Mapping, and Spatial Analysis

This Specialization is for those new to mapping and GIS, as well as anyone looking to gain a better understanding of how it all works and why. You will learn practical skills that can be applied to your own work using cutting-edge software created by Esri Inc., the world's leading GIS company and our industry partner.

Ahtsham Mustafa Awan

has successfully completed the online, non-credit Professional Certificate

IBM Data Science

In this Professional Certificate, learners developed and honed hands-on skills in Data Science and Machine Learning. Learners started with an orientation of Data Science and its Methodology, became familiar and used a variety of data science tools, learned Python and SQL, performed Data Visualization and Analysis, and created Machine Learning models. In the process they completed several labs and assignments on the cloud including a Capstone Project at the end to apply and demonstrate their knowledge and skills.

3 Courses

Supervised Machine Learning: Regression and Classification

Advanced Learning Algorithms

Unsupervised Learning, Recommenders, Reinforcement Learning

Nov 23, 2023

Ahtsham Mustafa Awan

has successfully completed the online, non-credit Specialization

Machine Learning

Congratulations on completing all three courses of the Machine Learning Specialization! You studied modern machine learning concepts, including supervised learning (linear regression, logistic regression, neural networks, decision trees), unsupervised learning (clustering, anomaly detection), recommender systems, and reinforcement learning. You learned some of the best practices for building machine learning models. You've also gained practical skills to apply machine learning techniques to challenging real-world problems. Now #BreakIntoAI and start building your career in machine learning!
